

I urge you to stop Sinclair Broadcasting from airing the anti-Kerry documentary.

Sinclair is obligated to serve the public interest. The anti-Kerry documentary is not news. It is political propaganda that is merely rehashing hateful material, which the public must surely be sick of by now. I know I am thoroughly sickened by it.

Media ownership rules have been greatly weakened recently, and Sinclair's outrageous actions are an example of why we need to return to stronger media ownership rules. Thank you.
